ENJOY!

KEEP YOUR DISTANCE

Stay 3 metres away from penguins

(That's the length of 2 beach towels)

Start

shhh

This beach is the penguins' home.

A good guest

shows respect when visiting someone's home.

1.

Tiptoe quietly past the penguin in her nesting box. If she gets a fright she could run away and leave her eggs.

2.

Go slowly past the moulting penguin. If he feels unsafe he could run into the sea & his new feathers are not yet waterproof!

3.

Stop & take a photo of the cute chicks with a lens camera. A selfie stick will be too close & scare the penguins.

4.

Swim carefully past the penguins in the water so that they feel safe.

Well done!

African penguins are threatened by extinction! Trace along the dotted line to stay 3 metres away from the penguins and help protect them.
